Mr. Gerardo C. Rios
Chief of Permit Operation
U. S. EPA, Region IX, AIR 3
75 Hawthorne Street
San Francisco, CA 94105-3901

Dear Mr. Rios:

California Steel Industries (ID 046268) has proposed to revise their Title V Permit by replacing two of the steel process tanks that are lined with rubber and acid brick with two plastic process tanks. In addition, the dimensions for all four process tanks have been updated to reflect the outer dimensions. California Steel is a steel rolling mill (NAICS 331221) and is located at 14000 San Bernardino Avenue, Fontana, CA 92335. This proposed permit revision is considered a "de minimus significant" permit revision to their Title V permit. Attached for your review are the evaluation and the proposed permit. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on October 29, 2008.

If you have any questions or need additional information regarding the proposed permit revision, please contact Ms. Monica Fernandez-Neild at (909) 396-2202.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brian L. Yeh', is written over a horizontal line.

Brian L. Yeh
